

Co-extrusion with MFD

NEW!

The industrial process solution:

AUTOMATIC, MULTI-LANE FORMING OF CO-EXTRUDED PRODUCTS.

INNOVATIVE
PRODUCTS
FROM INDUSTRIAL-SCALE PRODUCTION

handtmann
Ideas for the future.

HIGH PERFORMANCE YOU CAN RELY ON FOR THE PRODUCTION OF CO-EXTRUDED FORMED PRODUCTS.

- Meatballs
- Croquettes
- Dumplings, fingers etc.

Technology

- Automatic, multi-lane forming of co-extruded products.
- High production output and constantly accurate weights on all lanes.

Quality

- Very attractive product appearance with accurate material distribution.
- Completely uniformly shaped products for trouble-free downstream packaging.
- A variety of new products to ensure operators stand out from the competition.

Efficiency

- Once-only production data configuration, readjustments are not needed.
- The entire production line is simple to use, even with product changes.
