About the Handtmann Group of Companies

The Handtmann Group of Companies is a globally active technology company operating in the processing industry with 4,300 employees, 2,700 of whom work at the headquarters in Biberach an der Riß. Cutting-edge technology, innovation and a strong focus on the individual are at the core of the business run by the founding Handtmann family from Biberach. Handtmann is decentrally organised in six divisions with autonomous management structures: Light Metal Casting and Systems Engineering for the automotive industry, Filling and Portioning Systems and Process Technology for the food industry, Plastics Engineering and e-solutions. At the head of the group of companies is a holding, which acts as the management, financing and holding company. In 2022, Handtmann generated sales of 1.1 billion euros. A high degree of investment in research and development and production facilities is facilitated by a strict reinvestment policy on the part of the owners of the company to be able to sustainably support qualitative growth. The Group of Companies is currently represented in over 100 countries with its own production sites, subsidiaries and agents. Established in 1873 as an artisan brass foundry, Handtmann will be celebrating its 150th anniversary in 2023.
