Safety Instructions for Visitors

# Welcome to Handtmann

Please observe the following instructions to make your stay agreeable and safe. Please read this brochure. It contains important information for your safety.

A contact, primarily a Handtmann employee, will be available at any time to guide and escort you.

- During your visit, please carry the visitor's badge openly and visibly.
- Please follow our employees' directions and safety instructions.
- Please enter only the operating areas you are permitted to access and always remain in the marked passages.
- Please wear the safety equipment issued by us throughout your stay in the production halls.
- Accessing the production area is permitted only with suitable footwear (no sandals, sneakers, flip-flops or similar footwear).
- Do not touch any production equipment or parts, as there may be the risk of injury or burns.
- Please return your visitor's pass to the Reception or the Factory Security Office when leaving the company compound.

- Photographs or videos may not be taken without authorisation.

- Road traffic regulations apply throughout the company premises.

- The maximum speed for vehicles is limited to 10 km/h.

- Parking is permitted only in designated parking spaces.

- Observing stopping restrictions on emergency routes is mandatory.

- Smoking is prohibited throughout the company premises. Smoking is permitted only in designated areas.
